

Saint Patrick School

BULLYING PREVENTION AND INTERVENTION PLAN

I. Introduction.

Saint Patrick School (the “School”) acknowledges that its purpose for existence is rooted in the mission of the Church. In fulfilling its role within the educational mission of the Church, the School must share and live out, through Catholic Christian tradition, the message of Jesus Christ and be committed to providing an integrated Catholic educational environment that permeates all aspects of its daily life and operations. Each child must be challenged to reach his/her full potential by fostering in each child a love of learning and by providing an environment that also fosters respect and understanding of one another. In this regard, it is essential that a safe, positive and productive educational environment be established where students can attain the highest academic achievement and where no student shall be subjected to Bullying, Cyber-Bullying or Retaliation. Bullying, Cyber-Bullying or Retaliation or other similar disruptive or violent behaviors constitute conduct that disrupts both a student’s ability to learn and the School’s ability to educate its students in a safe and embracing environment. The School’s Staff is expected to demand that all students behave appropriately and treat others with civility and respect. Bullying, Cyber-Bullying and Retaliation are not to be tolerated.

Accordingly, the School hereby promulgates this Bullying Prevention and Intervention Plan (the “Plan”) as required by the Archdiocese of Boston Bullying Prevention Policy (the “RCAB Bullying Prevention Policy”).

On or before December 31, 2010, the Principal of each school in the Archdiocese that is subject to this Policy shall be responsible for overseeing the development of a prevention and intervention plan in consultation with all stakeholders, which may include teachers, staff, professional support personnel, school volunteers, administrators, community representatives, local law enforcement agencies, students, parents and guardians, consistent with the requirements of this Policy, as well as Massachusetts and federal laws. In particular, reference is made to Massachusetts General Laws, Chapter 71, Section 370. The comment period for Saint Patrick School families, faculty, and staff will extend from December 17, 2010 through December 31, 2010. Please send all comments to the school office.

II. Definitions. For purposes of this Plan, the following definitions shall apply:

“Aggressor”, means a student who engages in Bullying or Retaliation.

“Bullying” is the repeated use by one or more students of a written, verbal, or electronic expression, or a physical act or gesture, or any combination thereof, directed at a Target that:

- causes physical or emotional harm to the Target or damage to the Target's property;
- places the Target in reasonable fear of harm to him/herself, or of damage to his/her property;
- creates a Hostile Environment at School for the Target;
- infringes on the rights of the Target at the School; or
- materially and substantially disrupts the education process or the orderly operation of the School.

By way of example only, Bullying may involve, but is not limited to:

- unwanted teasing
- threatening
- intimidating
- stalking
- Cyber-Stalking
- physical violence
- theft
- sexual, religious, racial or any other type of harassment
- public humiliation
- destruction of School or personal property
- social exclusion, including incitement and/or coercion
- rumor or spreading of falsehoods

For the purpose of this Plan, whenever the term "Bullying" is used it is to denote either Bullying or Cyber-Bullying (as defined below).

"Cyber-Bullying" means Bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a:

- wire
- radio
- electromagnetics
- photo-electronic or photo-optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications.

Cyber-Bullying shall also include the creation of a web page or blog in which the creator assumes the identity of another person or knowingly impersonates another person as author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in the definition of Bullying.

Cyber-Bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic

medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of Bullying.

“Hostile Environment” means a situation in which Bullying causes the School environment to be permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of the student’s education.

“Retaliation” means any form of intimidation, reprisal, or harassment directed against a student who reports Bullying, provides information during an investigation of Bullying, or witnesses or has reliable information about Bullying.

“School Grounds” mean property on which a School building or facility is located or property that is owned, leased or used by a School for a School-sponsored activity, function, program, instruction or training.

“Staff” includes, but is not limited to, educators, faculty, administrators, counselors, School nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, support staff, and paraprofessionals.

“Target”, means a student against whom Bullying or Retaliation has been perpetrated.

III. Leadership.

Leadership at all levels of the School community has played a critical role in developing and implementing this Plan in the context of other School and community efforts to promote a positive School climate. The Plan has been developed in consultation with the Pastor, administrators, community representatives, local law enforcement agencies, students, parents, and guardians. Notice and a public comment period by families of students currently attending the School was provided before the Plan was adopted by the School. We all have a primary role in teaching students to be civil to one another and promoting understanding of and respect for diversity and difference. The Principal and designated members of the Staff, working under the oversight of the Pastor and the Principal are collectively responsible for setting priorities and for staying up-to-date with current research on ways to prevent and effectively respond to Bullying. It is also the responsibility of the Principal and such designees to involve representatives from the greater School and local community in developing, implementing and periodically reviewing the Plan.

Assessing needs and resources. The Plan is intended to be the School's blueprint for enhancing capacity to prevent and respond to issues of Bullying within the context of other healthy School climate initiatives. As part of the planning process, School leaders, with input from families and the Staff, will assess the adequacy of current programs; review current policies and procedures; review available data on Bullying and behavioral incidents; and assess available resources including curricula, training programs, and

behavioral health services. This “mapping” process will assist the School in identifying resource gaps and the most significant areas of need. Based on these findings, the School will continue to revise and/or develop policies and procedures; establish partnerships with community agencies, including law enforcement; and set priorities.

The school faculty and staff will continue to engage in on-going discussions concerning classroom and school-wide climate and safety issues with students and parents. We will continue to address student safety issues using such programs as: the Archdiocesan “Keeping Children Safe”; “Second Step” which is a nationally known school-wide program designed to create a school culture of care and respect for one another; “Stranger Danger” which is provided by our local Police Department on a school-wide basis; as a member of the District Attorney’s Project Alliance, we will be in contact with his office to arrange for staff and parent workshops dealing with such programs as cyberbullying which will focus on characteristics of bullying and strategies students may utilize when confronted with such situations

- B. Planning and oversight. *Reports concerning bullying will be received by the teachers and/or the Principal. The collection and/or analyzing of school-wide data to assess whether or not bullying exists in school and, if warranted, to develop measures to improve school climate will be addressed by a committee consisting of administration, faculty, parents, community representative, and local law enforcement representatives. The Principal, in consultation with this committee, will record and track incident reports. The school administration will provide for periodic professional development and in-house workshops. Teachers will reinforce the tenets of the school’s mission which states, in part, that students will Act Justly, Love and Serve One Another, and Walk Humbly with God. To assist in accomplishing these goals, the teachers will begin implementation of the “Second Step” curriculum as well as other initiatives as noted above.*
- C. Priorities. The School expects that all members of the School community will treat each other in a civil manner and with respect for differences.

We will not tolerate any unlawful or disruptive behavior, including any form of Bullying or Retaliation, in our School, on School Grounds, or in School-related activities. We will investigate promptly all reports and complaints of Bullying and Retaliation and take prompt action to end that behavior and restore the Target’s sense of safety. We will support this commitment in all aspects of our School community, including curricula, instructional programs, Staff development, extracurricular activities, and parent or guardian involvement. This Plan is a comprehensive approach to addressing Bullying, and the School is committed to working with

students, Staff, families, law enforcement agencies, and the community to prevent issues of violence. In consultation with these constituencies, we have established this Plan for preventing, intervening, and responding to incidents of Bullying and Retaliation. The Principal, working under the oversight of the Pastor, and the Consultative Board, is responsible for the implementation and oversight of the Plan.]

IV. Prohibition Against Bullying and Retaliation.

Bullying is prohibited:

- On School Grounds owned, leased or used by a School;
- On property immediately adjacent to School Grounds;
- At any School-sponsored or School-related activity, function or program whether on or off School Grounds;
- At a School bus stop;
- On a School bus or any other vehicle owned, leased or used by the School; or,
- Through the use of technology or an electronic device owned, leased or used by the School;

Bullying is also prohibited at a location, activity, function or program that is not School-related or through the use of technology or an electronic device that is not owned, leased or used by the School if the act or acts in question:

- create a Hostile Environment at School for the Target;
- infringe on the rights of the Target at School; or
- materially and substantially disrupt the education process or the orderly operation of the School.

Retaliation against any person who reports Bullying or Retaliation, provides information during an investigation of Bullying or Retaliation, or witnesses or has reliable information about Bullying or Retaliation is also prohibited.

V. Training and Professional Development.

- A. Annual Staff Training on the Plan. Annual training on the Plan for all School Staff, and, in the discretion of the Principal, volunteers who have significant contact with students, will include Staff duties under the Plan, an overview of the steps that the Principal or his or her designee will follow upon receipt of a report of Bullying or Retaliation, and an overview of any Bullying prevention curricula to be offered at the School. Staff members hired after the start of the School year are required to participate in School-based training during the School year in which they are hired,

unless they can demonstrate participation in an acceptable and comparable program within the last two years.

B. Written Notice to Staff. At the beginning of each School year, the Principal or his or her designee shall provide written notice to the School Staff of the RCAB Policy and the Plan. Relevant sections of the RCAB Policy and the Plan relating to the duties of School Staff shall be included in the School employee handbook.

C. On-going Professional Development. The goal of professional development is to establish a common understanding of tools necessary for Staff to create a School climate that promotes safety, civil communication, and respect for differences. Professional development will build the skills of Staff members to prevent, identify, and respond to Bullying. Professional development may be informed by research and may include information on:

- developmentally (or age-) appropriate strategies to prevent Bullying;
- developmentally (or age-) appropriate strategies for immediate, effective interventions to stop Bullying incidents;
- information regarding the complex interaction and power differential that can take place between and among an Aggressor, Target, and witnesses to the Bullying;
- research findings on Bullying, including information about specific categories of students who have been shown to be particularly at risk for Bullying in the School environment;
- information on the incidence and nature of Cyber-Bullying; and
- Internet safety issues as they relate to Cyber-Bullying.

Professional development will also address ways to prevent and respond to Bullying or Retaliation for students with disabilities that must be considered when developing students' Individualized Education Programs (IEPs). This will include a particular focus on the needs of students with autism or students whose disability affects social skills development.

Additional areas identified by the School for professional development include:

- promoting and modeling the use of respectful language;
- fostering an understanding of and respect for diversity and difference;
- building relationships and communicating with families;
- constructively managing classroom behaviors;
- using positive behavioral intervention strategies;
- applying constructive disciplinary practices;
- teaching students skills including positive communication, anger management, and empathy for others;
- engaging students in School or classroom planning and decision-making; and
- maintaining a safe and caring classroom for all students.]

VI. Access to Resources and Services.

Utilizing the aforementioned anti-bullying, student safety programs in the classrooms designed to assist students who may encounter situations in which they, or others with them, are being bullied, students will be encouraged to report any such incidents to faculty or parents as warranted. If deemed necessary, parents/guardians of both the victims and the aggressors in such situations will be referred to appropriate agencies or individuals for counseling such as: family doctors, school nurse, and private therapists.

A. Identifying resources. Faculty and staff will continue to provide programs and model behavior that encourages the develops and supports a positive classroom climate that is carried through the entire school. The school has developed a safety planning team consisting of the Pastor, the Principal, teachers, parent, Consultative Board member, and a representative of the local Police Department. This committee will periodically review the effectiveness of the school's programs and its attempts to create a school-wide culture of caring and respect for all its members. At present, current staffing services do not enable the school to provide on-site professional counseling services to targets, aggressors, or their families. If needed, these services would have to be provided outside of the school setting through a private counseling services

B. Counseling and other services.

All students will be provided with access to programs that help develop social skills designed to prevent bullying and retaliation. If necessary and advisable, the school will develop behavioral modification plans for both aggressors and victims of bullying. In addition, parents may be referred to outside agencies for professional services.

C. Students with disabilities. When the School determines that the student has a disability that affects social skills development or that the student may participate in or is vulnerable to Bullying, harassment, or teasing because of his/her disability, the School should consider what reasonable accommodations should be undertaken with a view toward developing the student's skills and proficiencies so as to avoid and respond to Bullying.

C. Referral to outside services. Referral services to outside agencies should be processed in consultation with the parent and members of the school safety team; however, a parent may decide to access outside professional service on their own. Also, in addition to seeking outside professional services, the safety team may consider recommending a CORE evaluation for the student. Should that be necessary, the principal and/or teacher will explain the procedure to the parent as to how to access that service from the public school administration.

VII. Policies and Procedures for Reporting and Responding to Bullying and Retaliation.

Reporting Bullying or Retaliation. Reports of Bullying or Retaliation may be made by Staff, students, parents or guardians, or others, and may be oral or written. Oral reports made by or to a Staff member shall be recorded in writing. A School Staff member is required to report immediately to the Principal or designee any instance of Bullying or Retaliation the Staff member becomes aware of or witnesses. Reports made by students, parents or guardians, or other individuals who are not School Staff members, may be made anonymously. They may be reported through the school's voicemail, via the school's email (saintpatsoffice@comcast.net), or by filing an Incident Reporting Form (a copy of which is attached to this Plan as **Exhibit A**),

Use of an Incident Reporting Form is not required as a condition of making a report. The School will: 1) include a copy of the Incident Reporting Form in the beginning of the year packets for students and parents or guardians; 2) make it available in the School's main office, the School nurse's office, and the Principal's office. and 3) post it on the School's website. The Incident Reporting Form will be made available in the most prevalent language(s) of origin of students and parents or guardians.

At the beginning of each School year, the School will provide the School community, including administrators, Staff, students, and parents or guardians, with written notice of its policies for reporting acts of Bullying and Retaliation. A description of the reporting procedures and resources, including the name and contact information of the Principal or designee, will be incorporated in student and Staff handbooks, on the School website, and in information about the Plan that is made available to parents or guardians.

1. Reporting by Staff

A Staff member will report immediately to the Principal or designee when he/she witnesses or becomes aware of conduct that may be Bullying or Retaliation. The requirement to report to the Principal or designee does not limit the authority of the Staff member to respond to behavioral or disciplinary incidents consistent with School policies and procedures for behavior management and discipline.

2. Reporting by Students, Parents or Guardians, and Others

The School expects students, parents or guardians, and others who witness or become aware of an instance of Bullying or Retaliation involving a student to report it to the Principal or designee. Reports may be made anonymously, but no disciplinary action will be taken against an alleged Aggressor solely on the basis of an anonymous report. Students, parents or guardians, and others may request assistance from a Staff member to complete a written report. Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of Bullying with a

Staff member, or with the Principal or designee.

A. Responding to a report of Bullying or Retaliation.

1. Safety

Before fully investigating the allegations of Bullying or Retaliation, the Principal or designee will take steps to assess the need to restore a sense of safety to the alleged Target and/or to protect the alleged Target from possible further incidents.

Responses to promote safety may include, but not be limited to, creating a personal safety plan; pre-determining seating arrangements for the Target and/or the Aggressor in the classroom, at lunch, or on the bus; identifying a Staff member who will act as a “safe person” for the Target; and altering the Aggressor’s schedule and access to the Target. The Principal or designee will take additional steps to promote safety during the course of and after the investigation, as necessary.

The Principal or designee will implement appropriate strategies for protecting from Bullying or Retaliation a student who has reported Bullying or Retaliation, a student who has witnessed Bullying or Retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of Bullying or Retaliation. As soon as possible after receiving the report, if the Principal or designee believes the target is at risk he/she will contact the alleged target and/or their parent(s). The Principal or designee will also meet with the alleged aggressor and/or their parent(s) to discuss the report.

2. Obligations to Notify Others

- a. Notice to parents or guardians. Upon determining that Bullying or Retaliation has occurred, the Principal or designee will promptly notify the parents or guardians of the Target and the Aggressor of this, and of the procedures for responding to it. There may be circumstances in which the Principal or designee contacts parents or guardians prior to any investigation. Notice will be consistent with state regulations at 603 CMR 49.00.
- b. Notice to Another School. If the reported incident involves students from more than one School district, charter School, non-public School, approved private special education day or residential School, or collaborative School, the Principal or designee first informed of the incident will promptly notify by telephone the Principal or designee of the other School(s) of the incident so that each School may take appropriate action. All communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.
- c. Notice to Law Enforcement. At any point after receiving a report of Bullying or Retaliation, including after an investigation, if the Principal or

designee has a reasonable basis to believe that criminal charges may be pursued against the Aggressor, the Principal will notify the local law enforcement agency. Notice will be consistent with the requirements of 603 CMR 49.00 and locally established agreements with the local law enforcement agency. Also, if an incident occurs on School grounds and involves a former student under the age of 21 who is no longer enrolled in School, the Principal or designee shall contact the local law enforcement agency if he or she has a reasonable basis to believe that criminal charges may be pursued against the Aggressor.

In making this determination, the Principal will, consistent with the Plan and with applicable School policies and procedures, consult with the School resource officer, if any, and other individuals the Principal or designee deems appropriate (including, but not limited to, the Office of the General Counsel of the Archdiocese).

- B. Investigation. The Principal or designee will investigate promptly all reports of Bullying or Retaliation and, in doing so, will consider all available information known, including the nature of the allegation(s) and the ages of the students involved.

During the investigation the Principal or designee will, among other things, interview students, Staff, witnesses, parents or guardians, and others as necessary. The Principal or designee (or whoever is conducting the investigation) will remind the alleged Aggressor, Target, and witnesses that Retaliation is strictly prohibited and will result in disciplinary action.

Interviews may be conducted by the Principal or designee, other Staff members as determined by the Principal or designee, and in consultation with the School counselor, as appropriate. To the extent practicable, and given his/her obligation to investigate and address the matter, the Principal or designee will maintain confidentiality during the investigative process. The Principal or designee will maintain a written record of the investigation.

Procedures for investigating reports of Bullying and Retaliation will be consistent with School policies and procedures for investigations. If necessary, the Principal or designee will consult with the Office of the General Counsel of the Archdiocese about the investigation.

- C. Determinations. The Principal or designee will make a determination based upon all of the facts and circumstances. If, after investigation, Bullying or Retaliation is substantiated, the Principal or designee will take steps reasonably calculated to prevent recurrence and to ensure that the Target is not restricted in participating in School or in benefiting from School activities. The Principal or designee will: 1) determine what remedial action is required, if any, and 2) determine what responsive actions and/or disciplinary action is necessary; such disciplinary may include, but not be limited to, loss of school privileges, suspension, expulsion, or legal action.

Depending upon the circumstances, the Principal or designee may choose to consult with the students' teacher(s) and/or School counselor, and the Target's or Aggressor's parents or guardians, to identify any underlying social or emotional issue(s) that may have contributed to the Bullying behavior and to assess the level of need for additional social skills development.

The Principal or designee will promptly notify the parents or guardians of the Target and the Aggressor about the results of the investigation and, if Bullying or Retaliation is found, what action is being taken to prevent further acts of Bullying or Retaliation. All notice to parents must comply with applicable Massachusetts and federal privacy laws and regulations. Because of the legal requirements regarding the confidentiality of student records, the Principal or designee cannot report specific information to the Target's parent or guardian about the disciplinary action taken unless it involves a "stay away" order or other directive that the Target must be aware of in order to report violations.

E. Responses to Bullying.

1. Teaching Appropriate Behavior Through Skills-building

Upon the Principal or designee determining that Bullying or Retaliation has occurred, the law requires that the School use a range of responses that balance the need for accountability with the need to teach appropriate behavior. Mass. Gen. Laws. Ch. 71, Section 37O (d)(v). Skill-building approaches that the Principal or designee may consider include:

- offering individualized skill-building sessions based on the School's anti-Bullying curricula;
- providing relevant educational activities for individual students or groups of students, in consultation with appropriate School personnel;
- implementing a range of academic and nonacademic positive behavioral supports to help students understand pro-social ways to achieve their goals;
- meeting with parents and guardians to engage parental support and to reinforce the anti-Bullying curricula and social skills building activities at home;
- adopting behavioral plans to include a focus on developing specific social skills; and
- making a referral for evaluation.

2. Taking Disciplinary Action

If the Principal or designee decides that disciplinary action is appropriate, the disciplinary action will be determined on the basis of facts found by the Principal or designee, including the nature of the conduct, the age of the student(s) involved, and the need to balance accountability with the teaching of appropriate behavior. Discipline will be consistent with the Plan and with the School's code of conduct.

Discipline procedures for students with disabilities may be governed by the federal Individuals with Disabilities Education Improvement Act (IDEA), which should be read in cooperation with Massachusetts laws regarding student discipline.

If the Principal or designee determines that a student knowingly made a false allegation of Bullying or Retaliation, that student may be subject to disciplinary action.

3. Promoting Safety for the Target and Others

The Principal or designee will consider what adjustments, if any, are needed in the School environment to enhance the Target's sense of safety and that of others as well. One strategy that the Principal or designee may use is to increase adult supervision at transition times and in locations where Bullying is known to have occurred or is likely to occur.

Within a reasonable period of time following the determination and the ordering of remedial and/or disciplinary action, the Principal or designee will contact the Target to determine whether there has been a recurrence of the prohibited conduct and whether additional supportive measures are needed. If so, the Principal or designee will work with appropriate School Staff to implement them immediately.

Collaboration with Families.

A. Parent education and resources. The School will offer education programs for parents and guardians that are focused on the parental components of the anti-Bullying curricula and any social competency curricula used by the School. The programs will be offered in collaboration with the Mothers' Club, the PTO, and the Consultative Board.

B. Notification requirements. The School will send parents written notice each year about the student-related sections of the Plan and the School's Internet safety policy. All notices and information made available to parents or guardians will be in hard copy and electronic formats, and will be available in the language(s) most prevalent among parents or guardians. The School will post the Plan and related information on its website.

VIII. Relationship to Other Laws.

Consistent with Massachusetts and federal laws, and the policies of the School, nothing in the Plan prevents the School from taking action to remediate discrimination or harassment based on a person's membership in a legally protected category under local, Massachusetts, or federal law, or School policies.

In addition, nothing in the Plan is designed or intended to limit the authority of the School to take disciplinary action or other action under Mass. Gen. Laws. Ch. 71, Section 37O (d)(v), other applicable laws, or local School policies in response to violent, harmful, or disruptive behavior, regardless of whether the Plan covers the behavior.

In no event should the Plan be construed in any way so as to limit or modify the obligation of mandated reporters to timely make required so-called 51A Reports where appropriate.
